### NOTES

- ❶ In order to obtain third-year standing in Kinesiology and Health Science, students must complete 12 credits of first-year Science in their first two years in at least three of the following four areas: Biology, Chemistry, Mathematics and Physics.
- ❷ Students planning to apply to professional health science programs such as **Physiotherapy** and **Medicine** are strongly encouraged to determine the necessary undergraduate requirements that are available in other faculties such as Science and Arts.
- ❸ Students in the Kinesiology and Health Science stream must, as a minimum, complete an additional 18 credits of Science in years 3 and 4, of which at least 12 credits must be at the 300/400-level and must be recognized in the Faculty of Science as credits that could be used towards a Bachelor of Science degree.
- ❹ All students must complete 30 credits of KIN courses at the 300/400-level.
- ❺ All students must complete 48 credits at the 300/400-level.

LL = lower level (100/200-level)  
UL = upper level (300/400-level)

**\*Students must come in to advising in-person for an appointment before selecting the CREDIT/D/FAIL option for a course.**
