Description:

Investigate the relationship between athlete performance and coaching intervention strategies to ensure enhanced athlete development and skill acquisition. Examine structure and function of practice and feedback strategies to enable a resilient and self regulated athlete or coach capable of creating podium performance.

Learning Objectives:

1. Examine pre-determinants of expertise and optimal practice conditions and intervention strategies to maximize athlete potential
2. Develop, communicate and put into practice a values-based coaching philosophy consistent with NCCP Code of Ethics
3. Investigate leadership practices related to personal interactions with athletes and or support staff.
4. Analyze effectiveness of interventions during practice to enable athlete performance and learning
5. Debrief athletes and other stakeholders to assess performance and ensure effective working relationships with coaches, experts and support personnel.
6. Test and implements innovative practices to improve athletes' learning of technical and tactical elements that enhance performance
7. Use effective strategies and identify corrections to assist athletes <or coaches> to improve or refine technical elements that will enhance performance
8. Plan, design and deliver practices that enhance desired training stimulus.
9. Integrate the use of technology to effectively analyze athlete and coach performance, and to augment feedback during practice / training conditions.
10. Manage time, emotions, and energy effectively to enhance personal, program and staff needs.

Academic Integrity:

The academic enterprise is founded on honesty, civility, and integrity. As members of this enterprise, all students are expected to know, understand, and follow the codes of conduct regarding academic integrity. At the most basic level, this means submitting only original work done by you and acknowledging all sources of information or ideas and attributing them to others as required. This also means you should not cheat, copy, or mislead others about what is your work. Violations of academic integrity (i.e., misconduct) lead to the breakdown of the academic enterprise, and therefore serious consequences arise and harsh sanctions are imposed. For example, incidences of plagiarism or cheating may result in a mark of zero on the assignment or exam and more serious consequences may apply if the matter is referred to the President's Advisory Committee on Student Discipline. Careful records are kept in order to monitor and prevent recurrences.

A more detailed description of academic integrity, including the University's policies and procedures, may be found in the Academic Calendar at <http://www.calendar.ubc.ca/vancouver/index.cfm>

University Policies

UBC provides resources to support student learning and to maintain healthy lifestyles but recognizes that sometimes crises arise and so there are additional resources to access including those for survivors of sexual violence. UBC values respect for the person and ideas of all members of the academic community. Harassment and discrimination are not tolerated nor is suppression of academic freedom. UBC provides appropriate accommodation for students with disabilities and for religious observances. UBC values academic honesty and students are expected to acknowledge the ideas generated by others and to uphold the highest academic standards in all of their actions. Details of the policies and how to access support are available on the UBC Senate website here:
